

READY TEDDY GO!

Co-funded by the
European Union

Erasmus+ KA2 Project

WE ARE WELCOMING YOU TO OUR NEW PROJECT

What is it about?

We are happy to announce our participation to the KA2 Erasmus+ project titled "Ready Teddy Go!". The next two years we are going to be working in this very special project that aims the SEN educators to make use of hi-tech devices supporting the developmental progress within SEN students in the classroom environment. Thanks to a mobile app-based TEDDY Avatar equipped with voice interactions/ moves on the screen and the teddy-like image, SEN learners will be more willing to acquire and develop basic skills or competences. As a result, they will learn how to interact with one another, overcome some obstacles and solve problems.

NEWS & STORIES FOR THIS ISSUE:

4

4 OUTPUTS

- IO1:E- compendium
- IO2: Online Training Course for teachers/ educators/ parents
- IO3: A mobile app-based TEDDY Avatar
- IO4: E-platform providing learning/ teaching materials and gathering all project's IOs with the user interactive space

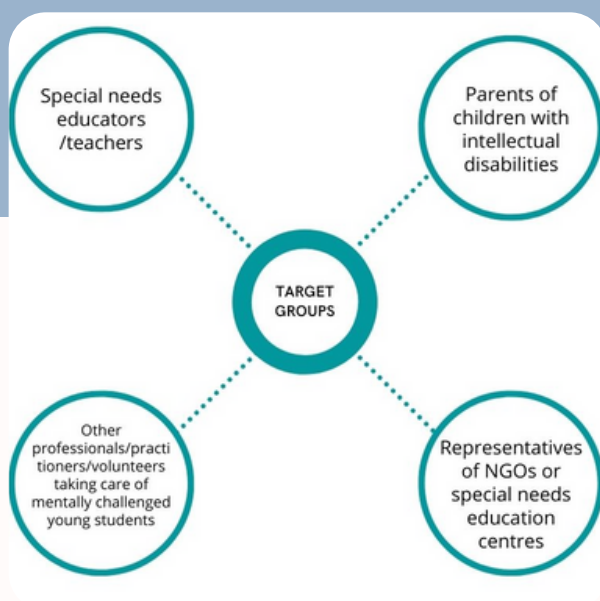

OBJECTIVES

People with intellectual disabilities represent one of the most marginalized and discriminated against groups. What is especially worrying is discrimination in education - people with intellectual disabilities receive fewer educational opportunities than any other group.

Convention on the rights of people with disabilities obliges countries to guarantee that people with disabilities have the same rights as everyone else: "Everyone has the right to quality and inclusive education, training and life-long learning in order to maintain and acquire skills that enable them to participate fully in society and manage successfully transitions in the labour market."

Bearing the above in mind the project aims:

- to promote inclusion and diversity in all field of education
- to address digital transformation through development of digital readiness, greater adaptability and capacity, as well of SEN students as teachers/ educators
- to develop social/ civic and digital competences of SEN students

KICK OFF MEETING

Our kick off meeting took place at the 21st and 22nd of December 2021, in LODZ Poland by the coordinator's organization POLITECHNIKA LODZKA. Everything is now ready to begin this journey with all of our great partners.
